**Question**

**What do I know about the problem?**

**What do I need to know to solve the problem?**

**How do I show my understanding/work?**

*The Science Question Protocol is based on the Test Question Protocol developed by Mathematically Connected Communities (MC<sup>2</sup>) at New Mexico State University. MC<sup>2</sup>'s mission is to improve student achievement and the teaching and learning of middle-school mathematics by building a statewide learning community of mathematics educators, mathematicians, and public school leaders.*

For more information about MC<sup>2</sup>, please visit their website: <http://mc2.nmsu.edu>.
